Dear Mr Stack

As Divisional Commander for the Trent Valley Division of Staffordshire Police it gives me great pleasure to write to members of the public expressing my thanks for their assistance when providing a service to my officers.

The excellent food and refreshments provided to members of my team on Saturday 5 January 2008 during the Chasetown v Cardiff FA Cup 3rd round was very much appreciated by one and all.

It is reassuring to me to know that there are people like you in the community who are willing to assist the police in this way.

Once again thank you very much for your help, you are a credit to your local community.

Yours sincerely

Michael Harrison
Chief Superintendent
Divisional Commander
